WITH HIS SMOOTH BARITONE SOUND,
"JKW" IS BLAZING HIS WAY INTO THE
TEXAS COUNTRY MUSIC SCENE

www.jasonkylewickens.com

JKW's debut band single, "Foggy Headed Morning" has been making its way around the radio world, charting on multiple country music reports! This upbeat 90's tune revisits the honky tonk sound and leaves you wanting more! When it comes to music, there's never a bad time to sit back, crack a cold one and enjoy the nostalgia; just don't let it give you a Foggy Headed Morning!

**Words are powerful,
and when combined with music, can mean something beyond measure...**

Songs convey a full spectrum of emotion, but very few find the introspection to dig deep and find what hurts. To find what heals. To find what can spark a change. Music yields an incredible understanding about life, people and what's at our core. I'm beyond excited to meet new faces, shake new hands and share music (new and old) with listeners and fans alike! Early 2025 will hit the ground running with multiple singles and our full-length debut album, "Red & Blue!"

After several years of honing his craft, JKW has proven himself amongst the likes of Casper McWade (Hank's Texas Grill, Rockett Cafe), Corey Smith (HoB Houston) & Tom McElvain.

From Austin to Arkansas, JKW has been burning rubber since early 2023 with his 5 piece band. From tapping boots at Gilley's to headlining the Texas Theater, JKW is ready to share his upcoming debut album "Red and Blue" with crowds big and small.
